

**ANTI-SLAVERY POLICY**

At Partner Services Group (PSG), we are committed to conducting business responsibly and ethically and to ensuring that all aspects of our business practices, including our subcontractors and suppliers, are free from any form of slavery. We reject any and all forms of modern slavery which can take the form of unpaid or underpaid servitude, human trafficking and forced labour. We are committed to implementing effective systems and controls to ensure that it does not take place within our own business or through any of our supply chains.

We assess the risk of modern slavery taking place in our business by identifying and managing any areas of concern within our business operations and any external suppliers. Due to the nature of our business, we do not make use of high risk subcontractors or suppliers, which are susceptible to modern slavery risks. We have taken the following actions to manage that risk:

- Purchasing, where possible, fair trade certified consumables;
- Conducting due diligence on third party service providers; and
- Partnering with suppliers who share our stance on modern slavery.

We will not work with high-risk subcontractors or suppliers unless we have conducted the appropriate assessment that our standards will not be compromised.

We are committed to training our employees and ensuring they have a healthy understanding and respect for how their choices can have far-reaching impacts upon basic human rights across the globe. We have made the training resources provided by Anti-Slavery Australia and UTS available to our employees.

All employees and subcontractors are responsible to ensure that they comply with the policies and procedures of PSG.
